CIRCULAR 35/2020

LEAGUE / TOURNAMENT ELIGIBILITY

A query was received regarding two players who are playing their Saturday League out of One Club but would like to play their Club Competitions out of another Club.

At the JBA Executive committee meeting on Thursday 7th November, the contents of these two clauses were discussed at length. An urgent poll was held with the club presidents and 23 clubs responded and 21 were of the opinion that the rules are to remain. The Executive have therefore made the following decision in regard to the clauses in the Conditions of Play as listed below:

1. The Conditions of play will remain as they are and the ruling stands.
2. As per the current Conditions of Play, where you play your first League game is considered your primary club and all club competitions, district competitions and the Nationals for the season will be played from this club.
3. This decision is based on the current Conditions of Play. As league has already started, any possible changes to the Conditions of Play will be addressed at the AGM in September 2020.

Clause 2.1.6

A player having membership of more than one Club may not, under any circumstance, play for another Club of which they are a member of having played one game for the Club for which they first elected to play. This includes National, District and Club competitions.

Clause 2.1.7

No player who is a registered member of another District and plays his or her competitions in that district will be allowed to play in the JBA league. This includes Nationals, District and Club competitions.
